

Sales & Operational Support - Intern (North America)

GEOSYS:

GEOSYS is a world leader in supporting agricultural businesses for 30 years, with decision support tools that make use of the latest research in agronomics, information technologies and in particular remote sensing. Decision support tools range from worldwide risk management and supply monitoring of Ag commodities to field operations decision support to help make precision farming decisions. GEOSYS also develops customized business solutions dedicated to international agricultural companies.

To access to customers, globally, GEOSYS has sales and marketing in North America (Maple Grove, MN, USA), Europe (Lausanne, Switzerland, and Krasnodar, Russia), Australia (Melbourne) and Brazil (Campinas, SP). Technical teams are mainly in Toulouse, France.

GEOSYS joined Urthecast in 2019, which gives unique opportunity to be leveraged in North America and other markets.

GEOSYS has ambitious growth plans to be realized within the next 3 years globally.

Job Description and Responsibilities:
